<< NY PUB AUTH § 2799–bbb >>

§ 2799–bbb. Statement of legislative findings and purpose

The legislature hereby finds and declares as follows:

- 1. The economic well-being of the state and the general welfare of its people require adequate, safe, secure and efficient aviation and transportation facilities at a reasonable cost to the people.**
- 2. The strengthening and improvement of aviation facilities and related services for the central part of the state is a matter of vital importance not only to the residents of central New York but to all the state's residents and is therefore a matter of state concern.**
- 3. In order to ensure a healthy economy for such area and to promote the general welfare of its residents, it is necessary to expand and improve the existing aviation facilities and services in the central New York region in such a manner as to stimulate and promote increased local, state, national and international air travel and commerce throughout central New York.**
- 4. The health, welfare, safety and security of the state's residents and of those passengers using air transportation requires coordinated operation of aviation facilities and services in the central New York region by a public benefit airport authority.**
- 5. The purposes of such authority shall be:**
 - (a) to stimulate and promote economic development, trade and tourism;**

(b) to acquire, construct, reconstruct, continue, develop, equip, expand, improve, maintain, finance and operate aviation and other related facilities and services within central New York;

(c) to promote safe, secure, efficient and economical air transportation by preserving and enhancing airport capacity;

(d) to form an integral part of a safe and effective nationwide system of airports to meet the present and future needs of civil aeronautics and national defense and to assure inclusion of the authority's facilities in state, national and international programs for air transportation and for airport or airway capital improvement, all in accordance with the provisions of this title; and

(e) to ensure that aviation facilities authorized pursuant to this title shall provide for the protection and enhancement of the natural resources and the quality of the environment of the state and the central New York area.

6. Such purposes are in all respects public purposes for the benefit of the people of the state of New York and for which public funds may be expended and both the city of Syracuse and the authority in carrying out their respective powers and duties under this title shall be deemed to be acting in a governmental capacity. The acquisition, construction, reconstruction, development, expansion, improvement, equipping, operation and maintenance of any project financed or undertaken by the authority or the city shall be deemed to be the performance of an essential governmental function by the authority or the city acting in its governmental capacity, whether such project shall be owned or operated by the authority or by any person or public corporation.

7. It is hereby found and declared that it has been and remains the policy of the state of New York to promote equal opportunity in employment for all persons, without discrimination on account of race, creed, color, national origin, sex, sexual preference, age, disability or marital status, to promote equality of economic opportunity for minority group members and women, and business enterprises owned by them, and to eradicate the effects of private and governmental discrimination which has erected and continues to maintain barriers that unreasonably impair access by minority and women-owned business enterprises to state contract opportunities. For the purpose of furthering the state's compelling interest in eradicating the effects of racial and sexual discrimination, therefore, it is necessary and proper that article fifteen-a of the executive law, concerning participation by minority group members and women and business enterprises owned by them, shall apply to the Syracuse regional airport authority.

Any such officers or employees so transferred to the authority pursuant to this section, who are members of or benefit under any existing pension or retirement fund or system, shall continue to have all rights, privileges, obligations and status with respect to such fund or system as are now prescribed by law, but during the period of their employment by the authority, all contributions to such funds or systems to be paid by

the employer on account of such officers or employees shall be paid by the authority.

2. A transferred employee shall remain in the same collective bargaining unit as was the case prior to his or her transfer; successor employees to the positions held by such transferred employees shall, consistent with the provisions of article fourteen of the civil service law, be included in the same unit as their predecessors. Employees serving in positions in newly created titles shall be assigned to such same collective bargaining unit if they would have been assigned to such unit were such titles created prior to the establishment of the authority. Nothing contained in this title shall be construed (a) to diminish the rights of employees pursuant to a collective bargaining agreement or (b) to affect existing law with respect to an application to the public employment relations board seeking a designation by the board that certain persons are managerial or confidential.

Such fares, rentals, rates, charges, landing and field use fees, concession fees or other fees shall be at least sufficient at all times in the judgment of the authority to establish and maintain the combined operations of the authority on a self-sustaining basis. Such operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or fund or cause to be paid or funded from revenues and any other funds actually available to the authority:

(a) the principal of, premium, if any, and the interest on the outstanding bonds of the authority as the same shall become due and payable and any capital or debt service reserve therefor and, to the extent required by any agreement between the city and the authority, the principal of and interest on any general obligation bonds, notes or other evidence of indebtedness of the city issued for or allocable to any project of the authority as the same shall become due and payable and any reserves therefor;

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct, safety and security of the public as it may deem necessary, convenient or desirable for the use, operation and management of any project and related services operated or managed by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing the conduct, safety and security of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law. In the case of any conflict between any such rule or regulation of the authority governing the conduct, safety and security of the public and any local law, local ordinance, local rule or local regulation, such rule or regulation of the authority shall prevail. Nothing in this section shall be construed to exempt the authority from any state law, rule or regulation.

The city may provide for such facilities' police and fire protection services.

6. The authority may accept unconditional grants of money or property from any municipality the whole or any part of which municipality shall be served or to be served by an aviation facility operated by the authority. Such grants of money or property would be for the purpose of assisting the authority in meeting its capital or operating expenses. The acceptance of any such grant shall not operate to make the authority an agency of the municipality making the grant.

7. In any instance where the city is required by law, with respect to an airport or any aviation facilities, to conduct a public hearing in connection with a contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not enter into such contract, lease, joint service arrangement, or establish, fix, revise or levy any charge, fare, rental, landing and field use fee, concession fee or other fee unless and until the authority has held a public hearing at which interested persons have had an opportunity to be heard concerning the same, provided however, if the city has conducted a public hearing in connection with such contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not be required to hold a public hearing. Notice of such public hearing shall be published by the authority at least ten days before the date set therefor, in at least one newspaper of general circulation in the county and on the authority website. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of the matters to be considered at such meeting. At all such hearings, any interested persons shall have an opportunity to be heard concerning the matters under consideration. << NY PUB AUTH § 2799–jjj >>

§ 2799–jjj. Bonds of the authority

1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall not exceed two hundred million dollars (\$200,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstand-

ing bonds, notes or other obligations may be greater than two hundred million dollars (\$200,000,000) only if the present value of the aggregate debt service of their funding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes of this section, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semiannual interest rate (compounded semiannually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale there-of. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the common council adopted by a majority vote and approved by the mayor. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. (a) Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within thirty years from the date of original issuance of any such bonds.

(b) Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide.

(c) Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority and on the authority website, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in

such newspaper and on the authority website at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect a satisfactory sale.

(d) Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales.

(e) The private or public bond sale guidelines set by the authority shall include, but not be limited to a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for private or public bond sales conducted pursuant to a request for proposal process undertaken at least once annually and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

(f) The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

(g) No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the state comptroller and the city comptroller.

(h) The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

(i) The authority shall annually submit its bond sale report to the state comptroller and copies thereof to the senate finance committee, the assembly ways and means committee and the authority budget office.

(j) The authority shall make available to the public copies of its bond sale report upon reasonable request therefore.

(k) Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues, other moneys or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agree-

ments or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.
